VOL. CVXIIII.—136. ALEXANDRIA, VIRGINIA, TUESDAY, JUNE 24, 1913. PRICE. 2 CENTS

MESSAGE STARTED TOWARDS CHICAGO

President Gives Missive to Boy Scout at the White House.

NOW WELL ON ITS WAY

Will be Handed to Mayor Harrison Saturday Morning Who Will Read it and Open Carnival.

Washington, June 24.—Carried by sturdy Boy Scouts, the message from President Wilson to Mayor Harrison, of Chicago, directing the opening of the Olympic games at Lincoln Park, is now well on its way toward Frederick, the first stage of its journey, and the end of the portion of the route to be covered by Washington Boy Scouts.

The message was handed to Fred Reed ranking Boy Scout of the District, by President Wilson today on the steps of the White House. Reed set out on the first leg of the relay at exactly 9:20. He carried the message up Connecticut Avenue as far as Dupont Circle, where it was turned over to Rodney Dennett to be carried the second mile.

The message is sealed and will be opened only by Mayor Harrison before the assembled multitude at the Olympic games in Chicago Saturday morning. On receipt of the message Mayor Harrison will press the button which opens the athletic carnival.

FATAL FALL FOR BABE.

Leans Too Far Out of Window While Watching Baseball Game.

New York, June 24.—Boys were playing ball in South Third street, Williamsburg, yesterday, and Harry Gerder, 3 years old, was an interested spectator from a third-story window When a ball was batted far, little Harry leaned too far out and fell to the street. His skull was fractured. Dr. Lewis was taking him to the Eastern District Hospital when at Keap and South Third streets, the ambulance horse fell dying from spinal menigentis. Dr. Lewis halted a nautomobile, bundled the boy into it and took him to the hospital. He will die.

STORM BREAKS ANEW.

President Wilson Will Investigate McReynolds Affair.

The storm that has been gathering on account of Attorney-General Mc Reynolds' postponement of the Camminetti-Diggs trial in California for alleged violations of the white slave act broke with renewed force yesterday.

The statement of Secretary of Labor Wilson that he requested the delay in the court proceedings in the interest of the immigration service seemingly had the effect of making a bad matter worse.

Two resolutions were introduced in the House, one calling for the production of all the papers in the case by the Department of Justice, and another proposing an investigation by the House Judiciary Committee. Another resolution of similar character was ready to be introduced in the Senate, and from California came an appeal to President Wilson from Judge Clayton Herrington for the removal of McReynolds from his office.

Judge Herrington aided District Attorney McNab in the preparation of the prosecution of Drew Camminetti and Maury Diggs, in the white slave case, and strongly sympathizes with McNab in the action that he has taken in requesting his resignation be accepted on account of the postponement of the trial.

In the meantime, however, the Attorney General is saying nothing, but President Wilson has announced his determination to make a thorough investigation.

NEWS OF THE DAY.

President Poincaire's visit to London was marred at the very out. set yesterday when, on his arrival at this city, two gunners were killed and two wounded by the bursting of a gun, as a salute of welcome was fired. The President arrived at Cherbourg yesterday afternoon to board the French battleship Courbet, where he will spend the night in the Cherbourg harbor.

Arthur Hoe, one of the principal heirs of the $15,000,000 estate of his father, Robert Hoe, manufacturer of printing presses, was made the defendant in two actions started in the supreme court of New York yesterday afternoon by Miss Mae . Sullivan. In one action Miss Sullivan demands $150,000 from Mr. Hoe for alleged breach of promise of marriage, and in the other she asks for $75,000, it being alleged that this is the amount due her for her support during the past eighteen months.

Patrick J. Quinland, of Boston, a leader of the Paterson, N. J., silk strikers, recently convicted of "inciting to riot," characterizes the Paterson chief of police and the judge who presided at the trials of strikers and strike leaders as "apostles of anarchy."

A three months' succesful experiment of teaching the Bible by moving pictures ended Sunday night at the University Congregational Church, Chicago. During that time dozens of picture plays of a religious nature, scenes from the Holy Land and the city slums were thrown on the screens and their lessons explained to the children. "We believe that children learn beter thuogh the eye", the Rev. Oscar C. Helming, the pastor, said, after closing for the summer the theatre which was built in the Sunday school room, in strict conformance to city ordinances. While the films have not been all that we desired we expect beter ones next year. We not only have increased the attendance. but the older children are staying. They are interested."

Beneath an automobile overturned in a ditch in Braintnee, Mass., a trolley car conductor early yesterday found the body of Alton Tripp, 21 years old, and lying nearby his companion, Daniel Dowling, in a semiconscious condition. The automobile was one of two which had been stolen during the night from a Nantasket garage while a fire was in progress. According to Dowlin, who is on the dangerous list at the Quincy hospital, with a fractured skull, he and Tripp were at a hotel in Nantasket when invited by a stranger to ride in the automobile. The driver of the car, the man supposed to have stolen it, is believed to have escaped uninjured when the car overturned.

PROPERTY SALE.

A deed was entered for record in the Corporation Court yesterday, conveying from Samuel H. Lunt to R. E. & J. F. Myers two houses and lots on the east side of Pitt street between King and Cameron streets. It is understood that the Myers Bros., who are in the automobile business, will shortly erect a new garage on their recently purchased property.

REAR-END COLLISION.

Freight Train Crashes into Passenger Coach on Southern Railway.

In a rear-end collision this morning on the main line of the Southern Railway near Calverton Junction, four freight cars were demolished and the passengers on the local running between Calverton Junction and Warrenton, were shaken up. The freight ran into the passenger train. No one was injured except the enneer, J. E. Curtin, of Alexandria, and R. H. DeButts, fireman on the local, both of whom, however, escaped serious hurts. Traffic was slightly delayed, trains having been run around the wreck on the southbound track to enable the wrecking crew to clear the track when traffic was soon renewed.

M'CARTHY IS ON WAR PATH

Makes Violent Attack on Editor of Richmond-Times-Dispatch.

THREATENING WORDS.

Irate Former Official Says he Would Cut Publisher's Throat as he Would A Butcher's Dog.

Richmond, Va., June 24.—Carlton McCarthy, former Mayor of Richmond, gave a sensational turn to the typhoid fever epidemic controversy yesterday, when at the session of the administrative board, of which he is a member, and which controls the water system, of the city, took the floor on a point of personal privilege.

He termed an article and an editorial in Sunday's Times-Dispatch relative to the board's delay in acting on the water question as deliebrate lies and hurled denunications at the proprieors and editors of the paper, despite the efforts of cooler heads among the members of the board, who sought to calm him.

Captain McCarthy said a McNamara was needed in Richmond to destroy the newspaper plant owned by the Bryan estate, and in the heat of his speech he offered a motion that the administrative board instruct the City Engineer to place bichloride of mercury in the pipes leading to the Laburnum property, owned by the Bryan estate, and into the pipes running to the new 10-story building occupied by the Times-Dispatch. The motion was not considered by the board.

The editorial in the Times-Dispatch was as follows:

"The people of Richmond can submit to waste, delay, petty politics, jealousy and ignorance in money matters. They will not submit to the risk of life for any reason in the world. The life of one child is worth $25,000 paid five men to protect the city by quick and responsive action. If one death can be traced to this delay, these men will be crushed by a savage public opinion and an eternal remorse. They had best heed the warning. They are playing with life. The public demands protection.

Captain McCarthy said the articles were a stab at him and affected his wife and children. They might have been wirtten by men who may be drunken buzzards or absolutely insane, he declared. He added:

"I have written John Stewart Bryan, president of the Times-Dispatch over my own signature that if he continues these assaults he does so at his own hazard. The state will not be big enough to hold both of us, and if he continues to make the assaults I will cut his throat as I would cut the throat of a butcher's dog.

"What we need is a McNamara and a quantity of dynamite. No more patriotic act could be done by any man than the dynamiting of the Times-Dispatch Building."

Captain McCarthy's words as coming from a public official are probably without equal in Virginia; certainly in Richmond, and those present when he delivered his denunciations freely said tha tthey feared serious results.

AFTER MOTORBOATS.

Many Violations of Law Alleged to Have Been Discovered

As the result of a vigorous crusade in the interest of greater safety on the waters of the Potomac the Bureau of Navigation of the Department of Commerce, have discovered within the past few weeks twenty-five violations of the pilot regulations.

It is said that the conditions on the Potomac are decidedly worse than they were last summer. Every effort will be made to deal so severely with offenders that other owners of water craft will be taught the lesson of strict observance of the existing laws.

During Saturday and Sunday 49 motor boats were inspected and six violations of the regulations were discovered. The most serious offense was found when the officers came upon a motor boat with six persons aboard and only one life preserver. Another boat was discovered to have no equipment for extinguishing burning gasoline.

TINNER ON THE WARPATH.

Three Persons Wounded Before Would-be Murderer Could be Overpowered.

Three persons were wounded, one seriously, last night, shortly after 8 o'clock, at 512 G. St., N. W., Washington, when Arthur Ferguson, a tinner, of 305 East Caitol street, started on a murderous crusade with a pocket knife. Claiming that his wife would not stay at home, Ferguson followed her to the home of Mrs. Mary E. Harford, at 512 G. St. Mrs. Harford is Ferguson's mother, he being a son by a former husband.

Pulling a long bladed pocket knife, he shouted that he was going to kill his wife, and when his mother attempted to interfere he slashed her on the right wrist. His wife, screaming, rushed from the house to a residence across the street. There the angry husband caught her. He threw his left arm around her head, then with his right hand cut her throat on the left side.

David Fegan, who was passing, heard the woman's scream and rushed to the rescue. Ferguson attacked Fegan, slashing him on the left side. Heines E. Perry, a few doors away, came to the assistance of Fegan. Policeman Dellanico arrived about this time and Ferguson was arrested.

The knife missed the jugular vein in Mrs. Ferguson's neck less than half an inch.

Early in the evening Mrs. Ferguson had telephoned her brother, Jas. Sullivan, a press photographer, and son of Mrs. Harford, that her husband had threatened to kill her Young Sullivan told her to come over to his home. He waited for two hours, but Ferguson failing to appear he left. He had hardly gone before Ferguson entered by the back door. Mrs. Harford and daughter, Mrs. Ferguson, were in the parlor when Ferguson came in, announcing with an oath that he was going to "clean out the house."

Recently, it is alleged, Ferguson cut up his wife's clothes and beat her with his fists. He has threatened to take her life. Ferguson is a tinner

WOULD-BE ASSASIN APPEARS INSANE

Denies All Knowledge of Attempt to Shoot Up Court.

SAYS MIND IS BLANK.

Is Dazed, Nervous and Sullen—Youth May be Sent to Government Hospital for Insane.

Washington, June 24.—Sullen and unrepartant, Ray Stewart, 18 years old, who attempted to shoot down Prosecutor S. McComas Hawkens, and Policeman A. D. Moffett, in Criminal Court No. 1. yesterday afternoon, declared in the District jail today that he did not remember the shooting affray.

"My mind is a blank," he told Attorney Matthew E. O'Brien.

The young man was nervous and refused to discuss the shooting to his attorney and appeared to be dazed, according to the latter. Attorney O'Brien called at the District jail early this morning and gave specific instructions to his client not to talk to any one, and it is understood that similar orders were issued by Justice Stafford to the jail authorities.

That the young man is insane, is the contention of Attorney O'Brien. The theory is based on the lad's act and the fact that his sister and an uncle are alleged to be insane. An effort will be made to have the youth sent to the Government Hospital for the Insane, and it is probable that a petition will be filed with the Court before Friday.

Under the conviction of attempted highway robbery Stewart faces three years in the penitentiary, but it is possible to convict him of assault to kill and add fifteen years more. It is probable that an indictment for the assault charge wil be sought if the lunacy proceedings fail to keep the youth out of the penitentiary.

It is believed that Stewart purchased the revolver he used during the noon recess, at court. He was at liberty, being on bond, and the police are trying to find out where the weapon was bought.

The fact developed today that Stewart had threatened the life of Policeman Moffet. The authorities had planned to watch him if he was placed on probation. It is also believed that he intended to kill Prosecutor Hawkens, and he had made menacing remarks about him during that day.

Attorney O'Brien was unable to get any information from the young man when he visited him at the jail today. The boy was sullen and refused to talk aside from saying that he did not remember what happened yesterday afternoon.

POLICE COURT NOTES.

(Justice H. B Caton, Presiding.)

The following cases were disposed of this morning:

Nine negroes, male and female, charged with disorderly conduct, were dismissed.

Jos. Whalen, charged with assaulting John Hall with a brick, was fined $10.

Jos. Washington, charged with assaulting Louisa Byrd, with a stick, was fined $10.

Frank Smith, charged wth disorderly conduct, had his case continued.

Rnth Robinson and Carrie Thomas, charged with disorderly conduct, had their case continued.

EXCUSES WERE PLENTIFUL.

Negroes Arrested for Disorderly Conduct Are Artful Dodgers.

It would have made a chronic excuse giver sick at heart to have been in the police court this morning and heard the dozen negro men and women who were crowded in the little dock give their reasons for being found in a house in Evans Court early yesterday morning when the premises were raided by Officers Kern and Roberts.

Here are some of the excuses which were handed up for Judge Caton's dissection:

"We was having prayer meeting. I don't belong to the church, but have some of my friends come in and have prayers."

"It was raining and I could not go to work at Addison digging ditches in the rain."

"I was too sick to go to work. "

"I went to buy a refrigerator, and sat down to talk a while."

"I went to help bring back the refrigerator."

"I was just passing the house when the policeman arrested me."

"The woman that keeps the house is my sister's mother-in-law, and I just dropped in."

The excuses were all accepted in good faith by Judge Caton after he had found out that there were no serious complaints against the house. All of the parties were warned and then released.

TRAIN PLUNGES INTO THE RIVER

Engine and Seven Cars Go Through Open Span on Annapolis Trestle.

CREW JUMP FOR LIFE.

Freight Train Gets Beyond Control of Engineer and Rushes to Destruction in Severn River.

Annapolis, Md., June 24.—An engine and seven cars plunged into the Severn river near Annapolis today when a freight train got beyond control of the engineer and rushed onto an open draw span of the Maryland electric railway trestle over the river.

All of the crew, consisting of five men, jumped, and none was injured. Engineer Lewis Thomas and Fireman Andrew Smith, however, had narrow escapes, and did not spring clear of their engine until just before it struck the water.

The accident occurred at 7:55 o'clock. The train, in charge of Conductor McGinnis, and with Brakeman Tucker and Adams aboard, in addition to the engine crew, was enroute from Baltimore to Annapolis, and had run down the long grade between Winchester station and the Severn river, when it was seen that a vessel had just passed through the draw which had not been closed.

hadoG 46 ntfy3 d armthec secs ccc

An examination by the officials of the road immediately after the accident showed that the brakes had worked properly, as the rails were scarred where the train had skidded along over them with locked wheels.

The momentum, however, was too great and the engine pushed on to the draw span when it still lacked about two feet of being entirely closed. Without its proper supports under it, the whole north end of the draw collapsed, the engine plunging downward and dragging all seven of the freight cars with it.

The caboose from which Conductor McGinnis and the brakeman had jumped when they saw the open draw, remained on the bridge. C. C. Cherry, general manager of the road, expressed gratification today that no one had been injured, and said that everything possible is now being done to get traffic open and resume service.

Nothing in the accident indicated any structural weakness in the bridge, it is said.

However, the property damage is serious and it probably will be a long time before normal traffic arrangements on the road can be resumed. In addition to the blocking of the channel with the wreckage of cars and the engine a new draw span will have to be ordered and placed.

WANT A GRADUATE NURSE.

Cameron Club Launches a Commendable Movement in Interest of Public Schools

At last night's meeting of the Cameron Club it was proposed that the club raise money for the purpose of putting a graduate nurse in the public schools of Alexandria during the coming term.

This was voted upon and unanimously carried by the club, the members of which were very much enthused over the prospective good that such a course is expected to accomplish.

The proposition of the Cameron Club is subject to action of the City School Board, the Superintendent of the schools, the principal and teachers, and will be placed before them in order to secure their cooperation.

The City School Board will be asked to take official action upon this offer of the club when the Board meets on the first Thursday in July, and their hearty support is hoped for.

This idea to have a graduate nurse in attendance at the public schools during the sessions is being adopted at many of the principal cities of the country, and is productive of untold good in assisting the scholars in their lessons and in taking care of their health, besides being a great preventive of much sickness among the children.

In a large number of instances children have fallen back in their studies in their grades through failure in their examinations solely because of physical defects that were unsuspected by the children's parents and teachers and unknown to the child

With an experienced graduate nurse in attendance at the schools such cases will be at once noticed and the proper steps taken to remedy the defect observed

The Cameron Club proposes to secure the assistance of the Alexandria Hospital in securing a nurse who has had special training and experience in eye, ear, nose and throat practice

It is not the intention of the club to supply a nurse to prescribe treatment to take the place of a physician. The work will be to observe the pupils and make inspections as to their condition and where she finds physical defects in the hearing, the eyes the throat, or teeth the nurse will make suitable suggestions or advise parents to secure the services of a physician where such is needed. By thus being able to pick out the classes of defects in children it will prevent the spread of diseases in many ways and act as a preventive. The children's teeth will also be examined to assist in safeguarding the child's health and treatment recommended when cesessary.

It is along the line of preventive suggestions that the duty of the school nurse will show profitable results to children.

The duty of the school nurse in making examinations looking after the children's health in time is where the work is expected to prove of exceptional value.

COUNCIL MEETS TONIGHT.

Only Matters of a General Nature Expected to Be Considered

The license bill having been passed and published, it is not expected that business outside the ordinary will be presented at the regular semi-monthly meeting of the City Council tonight.

The resolution of Mr. Hill, passed at the called meeting of the Board of Aldermen last Wednesday night, providing that $6,000 be set apart from receipts from licenses to form the nucluos of a sum sufficient to erect a new high school building and a modern truck house, will come up in the Common Council.

The statements of the Auditor, City Treasurer, and the finance and gas committees of the operations of the city during the year which closed on the 31st ultimo may be presented tonight.

As has been stated, considerable street work has been mapped out, and the street committee and the City Engineer will doubtless be kept busy almost up to the time the snow begins to fly.

THE FIRE AT RIVERSIDE.

Proprietor of Club House Believes Blaze of Incendiary Origin.

E. L. Crump, proprietor of the club house at Riverside Park, on Washington-Virginia Railway, which was destroyed by fire on Sunday night last has reason to believe that the place was robbed and subsequently set on fire. He has found in the woods a short distance from the site of the club house a box of beer, half a box of cigars, groceries and canned goods, which he alleges were part of the contents of the house.

NEWS OF THE OLD DOMINION.

BLOW AT IMMORALITY.

After October 1 Grooms Must Have Physicians' Certificate.

Richmond, Va., June 24.—Thirteen ministers of the Episcopal Church in Richmond publicly signed their names yesterday to an agreement not to perform any marriage ceremony after October 1 until the groom has been certified by the family physician of the bride to be free from disease of immoral origin.

This agreement was brought before the Ministerial Union some months ago after a recommendation to the same effect that had been made by the Episcopal Diocesan Council. Episcopal ministers who promoted the idea, desired the cooperation of other denominations before publicly endorsing it. While no minister of any other denomination has made public the fact that he has signed the agreement, it is stated that ministers of practically every other denomination in Richmond, have done so, and have asked that their names not be made public until the action has been ratified by the local conferences of their respective churches. Therefore, feeling that they have the moral support of the other churches, the Episcopal clergymen have taken steps to put the recommendation of the diocesan Council into effect.

Seven Episcopal ministers have refused to sign the agreement, and several ministers of other denominations have spoken against it in meetings of the Ministerial Union; but those who have promoted the movement feel that the sentiment in favor of it is overwhelmingly strong, and that the opposition will probably yield in time.

SCHOOL SCANDAL.

Charged With Improper Conduct Toward Women Teachers.

Richmond, Va., July 24.—Sensational charges against George W. Via, division superintendent of schools of Patrick county, were aired yesterday before the State Board of Educaton, the board hearing affidavits charging improper relations with a school teacher in that county, improper relations with a woman at a hotel in Danville, charges of carrying concealed weapons, of irregularities in the methods of issuing teachers' certificates, and of tampering with examination papers.

All of the charges were denied emphatically by counsel for Via, who asserted that they were inspired by local and family feuds and by those desirous of securing the position.

SHOOTING AMONG NEGROES.

Fight Takes Places on Excursion From Petersburg to Norfolk.

Suffolk, Va., June 24.—Gus Pollard, of Petersburg, is in Nansemond county jail, and Gertrude Stith and Weverley Harrison in St. Andrew's Hospital, Suffolk, as a result of a shooting affray on the negro excursion train bound from Petersburg to Norfolk yesterday morning. The shooting occurred just before the train reached Suffolk. Pollard and Harrison were fighting, when Pollard began firing, a stray bullet wounding Gertrude Stith, a woman passenger. Harrison was carved up before Pollard finished him. Scalp wounds, deep cuts about the body and thighs, a bullet in the leg, and abrasions of the shoulder made up the sum of his injuries: The wounded men were put off in Suffolk and rendered surgical aid at St. Andrew's Hospital. Pollard tried to leave the train before reaching Norfolk, but was held and turned over to the Norfolk city authorities, who sent him on to the Nansemond county authorities.

DEATH OF R. L. BLANTON.

Editor of Virginia Journal of Education Succumbs After Long Illness.

Richmon, June 24.—After an illness of a long time, Robert Lee Blanton, 38 years old, a man of scholarly attainments and for some years editor of the Virginia Journal of Education, died Sunday morning in St. Elizabeth's Hospital.

The deceased was born in Cumberland county. He was a son of Dr. James M. and Mrs. Sarah Lee Blanton. He was considered a man of brilliant mind and possessed a happy faculty for making friends.

Panic at Moving Picture Show.

Winchester, Va., June 24.—The accidental overturning of a fire extinguisher, followed by the bursting of a fire hose created a panic last night in the City Hall Auditorium, where a moving picture show was being given. The place was crowded and the lights were all out when the bursting of an extinguisher caused a cry of "Fire,' 'and hundreds of men, women and children fought their way down the long staircase to the outside. Many were trampled and slightly injured and several people fainted and had to be carried out. For nearly a quarter of an hour pandemonium reigned.

BRUTAL ATTACK ON BOY.

Negro Man Fractures Colored Boy's Skull in Fit of Cruelty.

Richmond, June 24.—The police lines were rung out last night in the effort to run down and capture a large negro man who made a brutal assauti upon an eleven-year-old colorde boy, Cornelus Harris, yesterday afternoon. The boy was set upon by the negro without provocation, and was beaten so badly about the head that physicians fear his skull may be fractured.

According to the story told the police by a negro woman who witnessed the affair, the colored boy was innocent of any action to have aroused the anger of the man, and the attack seems to have been an outburst of simple animal cruelty. The Harris boy was peddling fish on the street when he was stopped by the negro and asked the price. The figure named by the boy appeared to provoke the wrath of the man, who snatched a string of fish from the boy and threw it on the ground. When the boy protested, the man seized a rock and struck him a vicious blow on the head, felling him like an ox.

He turned and ran up a side street and no one went in pursuit.

BOY DROWNED.

Seventeen Year Old Youth Loses Life While in Bathing.

Eastville, Va., June 24.—While bathing in Cherrystone creek Sunday afternoon, William Torbert, 17 years old, of Cheriton, got beyond his depth and lost his life before assistance could reach him.

The unfortunate boy, accompanied by several companions, drove from Cheriton to "Oakland" the home of T. W. Jones, located on Cherrystone creek, where the party went in bathing.

The boys seemed unusually happy and had been in the creek several minutes when the drowning occurred.

OFFICE ROBBED.

Yeggmen Make Small Haul as They Fail to Blow Safe.

Norfolk, Va., June 24.—After plying their trade to their heart's content in North Carolina, yeggmen early yesterday morning robbed the postoffice at Virgnia Beach of stamps and other valuables. The thieves made an effort to blow open the safe, but were unsuccessful. Postal Inspector Albertie went to the scene today to make an investigation.

A number of postoffices have been robbed in small towns in Virginia and North Carolina during the past two months. In most cases the thieves succeeded in getting away with the money locked up in the safe. In the Virginia Beach case, however, they did not succeed in opening the safe where the money was kept.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family, a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

SAFE AND SANE FOURTH OF JULY.

The propaganda started several years ago in the interest of a safe and sane observance of Independence Day has actually spread over the greater part of the country, and every year communities here and there are cutting out the objectionable feature of the Fourth of July. The lists of the many accidents resulting from the careless use of firearms and mutilations in one form or another from explosives of all sorts have caused the authorities to take measures to eliminate these unnecessary incidents in the great American holiday.

Mayor Fisher, following the policy of his predecessor in the Mayor's office has issued imperative orders to the police department to carry out laws which have for years been on the statute books, which forbid explosives in the city as well as the sale of explosives including the deadly toy pistol. These laws have for many years been more honored in their breach than in their observance.

In recent years fusilades on Independence Day have noticeably diminished. It is hoped all will observe the law and that the authorities may not be compelled to make examples of such who in bygone days have defied the laws.

Pointing out Philadelphia's high record for Fourth of July, injuries and fatalities, Rev. Harle Wallace Hathaway, pastor of the Covenant Presbyterian Church of Germantown, pleaded Sunday for a safe and sane Fourth and declared that a nation which does not believe in war and a standing army is inconsistent in permitting gunpowder celebrations.

"One day in the year we throw prudence to the winds in teaching the children patriotism," he said. "We let them indulge in a riot of noise and a risk of fire. Americans do not believe in war or a standing army, yet they think they can give birth to Washingtons by unrestrained gunpowder noise, flourishing of pistols and the explosion of firecrackers. A better means of celebration would be singing and patriotic addresses and the intelligent amusement of a sane Fourth.

MODERN RECALL IN WASHINGTON.

As was stated in a special dispatch in yesterday's Gazette, an eighteen-year-old youth attempted to carry out the modern recall principle by shooting up a Washington court in which he had been convicted of robbery and sentenced to the reform school. He was, however, not as successful as his exemplars in the Carroll county court, as his bullets went wild and inflicted no further damage than holes in the wall.

This latest specimen of humanity in which the image of the Creator is so marred, whose education, it is said, has been acquired through dime novels, has his picture in some papers today. He bears a strong resemblance to people in the Newgate Calendar. This misguided youth is no doubt enjoying the reputation he has achieved in having his picture scattered far and wide.

The authorities attempted to suppress the name of the youthful crank who set fire to the temple of Diana in Ephesus in order to attain notoriety. The same course should have been pursued towards this latest specimen of degeneracy who planned wholesale murder in a court of law in the capital city of the nation.

CONFLICT IN RICHMOND.

There is anxiety in Richmond concerning the outcome of the language used yesterday by Captain Carter McCarthy, former Mayor of the city in reply to an editorial in the Times Dispatch. Captain McCarthy took offense at the criticism of the administrative board concerning certain recommendations regarding the health of the city.

The outcome of the significant words used by the former Mayor is attracting interest among the friends of McCarthy as well as those of John Stewart Bryan, editor of the Times Dispatch.

The incident brings to mind conditions which existed in Richmond shortly before and some time after the civil war, when duels were of common occurrence between editors and people who suffered real or imaginary grievances at the hands of publishers. At that time the dueling history of editors was regarded as the proper crednetial of the wielder of the quill. The killing of H. Rives Pollard, the "affairs" between the late Judge Hughes and W. E. Cameron Editors Elam and Bolrne and the meeting of the late Page McCarthy and Lawyer Mordecai are events well remembered by many now living.

It was hoped that the era of personal conflicts between publishers and those whom they criticise had passed forever, but it seems that the more serious accompaniment of chivalry is by no means extinct in the Old Dominion.

There is more than one way to view this latest incident. It is generally admitted that a newspaper is published pro bono publico in one sense. It is supposed to stand as the champion of the people among whom circulates, and when the editor believes it to be his duty to cal attention to conditions which are detrimental ro dangerous to a community, he is simply acting a part expected of him by the community. An official is a public servant, and as such he is, in a measure, public property—that is where the newspaper does not use language unconventional, insolent or damaging to his reputation as an official or a citizen.

In the case referred to above Captain McCarthy may have reasons to believe his reputation and standing as former Mayor of the capital city of his state is endangered, while Editor Bryan may be satisfied he has exceeded his prerogatives as an editor.

MARRIED ON A DARE.

Bride Couldn't Keep Momentous Secret After Two Weeks

New York, June 24.—Two weeks is long enough for any woman to keep a secret, especially so momentous a secret as her marriage, thinks Mrs. Charles Everett Doll, who until about a fortnight ago, was Miss Madeline Sylvester.

So Mrs. Doll has revealed the story of her elopement. She got married on a dare after a dinner at Delmonico's and they flew out in a nautomobile and had Alderman John T. Eagarthe knot at 11 o'clock at night.

Mr. Doll is a son of the late Jacob Doll, the piano manufacturer. His bride is a daughter of Mrs. Nathaniel Arnold, of No. 160 West Seventy-seventh street.

BANKER'S CAR KILLS CHILD.

Metuchen, N. J., June 24.—Gertrude, the 4-year-old daughter of Thomas Daker, secretary and treasurer of the Metuchen Hat Company, was killed here yesterday by an automobile belonging to Wm. F. Arnold, cashier of the City National Bank, of Plainfield.

The child was riding on a milk wagon, climbing off which she stepped in front of the motor car. Arnold was arrested on a charge of manslaughter pending investigation.

CANCER A GREAT MENACE.

Mortality Exceeds That of Tuberculosis in Registration Area.

New York, June 24.—The current issue of the Medical Record, in an editorial article on "Education of the Public Regarding the Cancer Menace," points out that the increase in this disease in the United States is real and not merely apparent, as has been asserted.

The increase has been so marked in recent years that in 1910 there were 12,557 more deaths from cancer than from tuberculosis in the registration area. Local geographical conditions are responsible in a great degree for the prevalence or absence of the disease. The writer says:

"The death rate from cancer increases slowly to the age of 35, after which the rate increases rapidly to the end of life. It is higher throughout for women on account of the mortality from cancer of the breast and organs of generation.

"In 1910 there were 12,557 more deaths from cancer than from tuberculosis in the regastration area, thereby showing the greater importance of cancer over tuberculosis and the great need of education in the knowledge of the disease.

"Regarding the theories of cancer, no trustworthy statistics have been obtained to substantiate the theory of hereditary or the transmission from man to man, but a little more reliable evidence can be given to prove that certain occupations predispose to cancer. Also, making due allowance for depending upon age and sex, persons above the average in weight seem more predisposed to cancer than their thinner brethren.

"Increase has been observed in all civilized counries showing that all the liability to cancerous affections is greater at the present time than in the past. Up to the present time the public has been in great ignorance concerning the treacherous and rapidly spreading results of cancer. It is now time it should be enlightened.

"While early operation appears to offer greatest hope of recovery at the present time, evidence is beginning to show that non-operative treatment, even if not a certain cure, may offer at least material alleviation of pain and postponement of death for several years.

"THEOLOGICAL ICE HOUSES."

Clergyman Blames Churches For Girl's Attempt to Die.

Pittsburgh, Pa., June 24.—Declaring that the suicide compact entered into by Kathleen Burns and Annie Butler, was a direct result of "ice-house" churches and the failure of churches to provide a place where young persons may enjoy some entertainment and social diversion, the Rev. John R. Ewers, of East End Christian Church, advocates the erection of cathedrall like churches as the center of social, religious, and philanthropic activities of the community.

The girls swallowed a quantity of bichloride of Mercury Wednesday after they had confessed to their parents that they went to a rooming house Monday night with two policemen.

"The members of the congregation I myself, and those of other churches in East Liberty, are to blame for the plight of these girls," The Rev. Ewers said. "Such things will happen as long as the church provides no place for the girls and boys and young men and women gather that is at least as attractive as a dance hall. I have no use for a theological icehouse."

Middletown, Conn., June 24.—In an effort to stem the tide of popularity of the turkey trot, the tango, and other modern dances, Rev. George B. Gilbert, pastor of an Episcopal church here, has leased the dancing pavilion at Lakeview Park, a resort near here, and will conduct it as a model dance hall during the summer. the first dance having been held last night.

SUES FOR LOVE SHE LOST.

Asks $225,000 Damages From Heir of Millionaire Hoe.

New York, June 24.—Arthur L. Hoe, one of the milionaire heirs to the $34,000,000 estate of the late printing press builder, had two suits for breach of promise to marry and breach of contract filed against him yesterday in the Supreme Court by Miss Mae A. Sullivan, of this city.

Miss Sullivan charges that in December, 1910, Hoe promised to marry her one year later, only to confess at the last moment that he was a married man and had a family. Miss Sullivan's sues for $225,000 for the breach of promise to marry and asks for $75,000 in the second suit.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax County, Va., in the suit of Otterback vs. Bohrer, at its March and May terms, 1913, the undersigned trustees and commissioners will offer for sale at public auction in front of the Royal street entrance to the Market House in Alexandria Va., at

the above described property.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

DYNAMITE BLAST KILLS TWO.

Wife of One Victims Attempts Suicide While Grief-Crazed.

Norristown, Pa., June 24. — Two men were killed and several other injured yesterday afternoon by a premature explosion of 100 pounds of dynamite at the Edward O'Brien quarry, near Conshocken. The two men, Louis and Michael Gravanese, brothers, living in Conshocken, were buried under the avalanche of rock. They were employed in preparing the hole for the blast, and had put on a box of sticks and a half of a second box into the hole when the explosion occurred. It is supposed that a small stone fell into the crevice and set off the entire contents.

The bodies of the men were hurled high in the air, amid a mass of rock and were buried under it as they fell. A number of other workmen were struck by the flying stones and several were badly injured. As soon as possible the bodies were dug out of the wreckage.

When the news was broken to the wife of Michaeal she became temporarily insane, and ran out of her home, beating her head on the curbstone. She was unconscious for several hours.

FIGHT FREE SUGAR.

Trouble Started When Item is Reached.

Washington, June 24.—Trouble over free sugar and free wool has broken out in the Democratic Senate caucus. The caucus met again today for the purpose of resuming work on the tariff bill. When it convened there was still evidence of the flurry as the result of the outbreak yesterday afternoon of Senator Shafroth and Walsh of Colorado.

Both of these senators attacked the policy of putting sugar and wool on the free list.

Senator Walsh had not concluded his speech when the caucus adjourned, at 6 o'clock last night. He is expected to resume today. Senators Newlands, Ransdell, Thornton, and possibly Thompson, of Kansas, will also voice objections.

The caucus had been running smoothly until sugar was reached. Then the feeling burst out. Senator Shafroth spoke for about an hour and declared free sugar would destroy one of the graet industries of the whole West. He asserted free sugar meant political suicide. He quoted from the Rocky Mountain News, of Denver, the leading Democratic paper of Colorado, owned by former Senator Patterson, to show the vehemence of the feeling in the State against free sugar. He pointed out that the News was asserting both Democratic Senators were pledged against free sugar, and was asking if pledges, like sugar, "melt in the heat of Washington."

Senator Shafroth spoke on sugar but Senator Walsh included wool in his attack.

Senator Clarke, of Arkansas, has prepared an amendment to the tariff bill to tax cotton sold on future delivery.

WOMAN WRECKED HER HOME.

Accused Murderess So Testifies—Halting Court to be Revived.

Memphis, June 24.—Mrs. Margaret L. Scheiber, on trial charged with the murder of her husband, Augustus Scheiber, in the apartments of Mrs. Lillian A. Howell last March, took the witness stand in her own defense yesterday. She evidently was laboring under a severe mental strain and several times Court proceedings were halted until the witness could be revived with smelling salts.

The accused woman declared her life with Scheiber had been happy until the latter met Mrs. Howell in 1911. She told of his trying to force her to accept the company of Mrs. Howell and stated that in the three weeks preceding his death Scheiber was at home only two nights.

Tar Roofing That Is Fire Proof

Resistance to Fire

Besides its superior weather-proofing qualities and other advantages already mentioned, Security Roofing possesses still another requirements of the good roof. Its resistance to fire is remarkable Two instances of this will suffice for practical illustration :

At Middleport, N. Y., the building next to one covered with Security roofing caught fire. The burning building was the taller of the two, and was surmounted by a cupola. When the roof beams collapsed this cupola fell over upon the Security roof and burned away there until entirely consumed. The Security Roofing stood even this severe test successfully.

So much for its resistance to fire from without. But it will also hold an interior fire in check, until the roof beams are burned away.

AT ALEXANDRIA, VA., after a building had been gutted by fire, the Security Roofing with which it had been covered was undestroyed. It hung suspended from the walls and charred remnants of the rafters, though the floors and major portions of the roof had burned to ashes.

It Pays to Buy and Use GOOD Roofing

We believe it pays to have quality in our product even though it costs more; and we know from long experience that the only way to shave the price is to shave the quality.

We have never been willing to reduce the quality of Security Roofing, and do not recommend the use of cheaper and consequently inferior materials.

But the use of Security Roofing is nevertheless the truest economy. for it always pays to get the best.

It costs very little if any more, to begin with, and saves more than its cost in the long run.

Security may be laid over shingles or other composition roofing where surface is reasonably smooth. Order now of

CLAIMS VIRGINIA ESTATE.

Property Involved Worth About Quarter of a Million Dollars.

St. Louis June 24.—Federal officers here who have been investigating the charge of using the mails to defraud, on which Mrs. Ella McClendon, former postmistress at Stardivant, Mo., recently was arrested, have learned that she is claimant for a large part of the estate left by George M. Nicholas, of Rockingham county, Va., who died from the effects of poison last August. The estate is valued at $125,000 to $250,000.

When Nicholas died, his four brothers, finding no will, took charge of the estate, and his brother Charles was appointed administrator. Fourteen days after the death the administrator received a package bearing what appeared to be a Chicago postmark and containing a wallet and several papers. Among the papers was the purported will, in which Nicholas bequeathed to Mrs. McClendon the Nicholas "home farm," valued at $50,000 to $75,000. The residue of the estate was left to "my two brothers." Nicholas had four brothers, and this clause in the will was confusing.

The purported will was written on cheap note paper with a pencil, and was not dated, a formality not necessary under Virginia laws. In the will Nicholas explained that Mrs. McClendon had cared for him in St. Louis after he had been injured there in a street car accident.

Inclosed in the package was a letter from the sender stating that he had robbed George Nicholas, and having read the will he thought it his duty to send the document to the Virginia authorities so the woman named therein might receive her share of the estate.

The four brothers have secured counsel, and will fight the claims of Mrs. McClendon. Mrs. McClendon was arrested a few weeks ago on a charge of attempting to obtain from a bank in Georgetown, Colo., $900 left there by John Rowan, who had died at Gowar, Mo. The letter sent to the Colorado bank was signed Ed Sellers, and inclosed a check payable to "Sellers" and purporting to have been signed by Rowan. Postoffice inspectors say that "Sellers" was Mrs. McClendon.

Harrisonburg, Va., June 24.—Geo. M. Nicholas, the wealthy Rockingham farmer for a share in whose estate Mrs. Ella McClendon of Missouri, is a claimant, died August 5, 1912, in great agony, after drinking his breakfast coffee. He lived alone with his aged housekeeper on his large estate near Port Republic, on the Shenandoah river.

Two of his brothers and some farmhands went there on the morning of August 5 to harvest his crops. At breakfast Nicholas and four others, including his housekeeper, were made ill by drinking coffee. Nicholas died before night, but the others recovered. Several who did not drink coffee were unharmed

Nicholas' stomach and the unused coffee were examined by Chemist Taylor, of Richmond, who found arsenic. At the same broken a broken package o arsenic was found in his home. No arrests were ever made, although a reward of $250 was offered by the county supervisors and $100 by Governor Mann for the arrest of the supposed poisoner.

While Mrs. McClendon claims that some years ago she nursed Nicholas back to health after being injured in a street car accident in St. Louis, and in return received his promse of a reward, neighbors in East Rockingham sa ythat they never heard of the old man being in St. Louis. He lived the life of a hermit on his farm and never went anywhere, they say. He lost a leg in the civil war, and years ago to Washington city to get a wooden limb, but finally came back home and made a leg himself.

DOUBLE MURDER.

Rejected Suitor Kills Young Bride and Man Who Tried to Save Her.

Philadelphia Pa., June 24.—Angelo Crezario, a rejected suitor, last night shot and killed a young bride, Mrs. Boazallo, and a man who attempted to save her, and was himself mortally wounded, while two others, one a woman, was probably fatally injured at the wedding celebration in the northern part of the city at which the double tragedy occurred.

The dead are Mrs. Nicholas Bozzallo, 18 years old, and Vincent Spirti, of Lansdowne, Pa.

Selice Spirti, of Morton, Del., was stabbed near the heart, and an unidentified woman about 25 years old was shot through the breast. Cezario was slashed about the throat.

Mrs. Bozzallo and her husband were childhood sweetheart in Italy, but when Bozzallo came to America to seek his fortune Crezario courted the girl. She spurned his attentions, and when Bozzallo sent for her to come to Philadelphia, Crezario followed her, but did not cause her any annoyance until last night when he appeared at the celebration, at which more than a score of guests were present.

As he entered the room where the merrymaking was in progress, it is alleged Crezario opened fire at the young bride who fell with a bullet wound in her head. Spirti sprang to her assistance and received a bullet in the heart. Crezario, it is declared, then shot the woman the second time, the bullet penetrating her abdomen. When he had exhausted the bullets in his revolver, the crowd surged around him and some one slashed him through the neck with a knife.
